SCHOOL PROBLEMS AIDED AT MEETING HELD AT HI SCHOOL

Edgar W. Parsons
Addresses 3-Hour
Session Tuesday

A representative of the state board of education removed the fuel of misunderstanding from the matter of school expansion in the Jefferson Elementary School District Tuesday night, and thereby apparently extinguished the flaming controversy, at a three-hour meeting in the high school auditorium.

Edgar W. Parsons, field representative for the division of schoolhouse planning of the board of education, presented to a group of some 150 interested townspeople the approved long-range plan for expansion of district schools and a plan for immediate relief of the crowded school situation.

After three hours of laying the groundwork and hearing seven other proposals for relief methods, Parsons, who has been working with the local board of trustees on the surest solution to the situation, submitted the board's approved plan for a vote. It was accepted by a strong majority of those assembled.

Spurred by the immediate need for relief of crowded classrooms, particularly in the Woodrow Wilson district, the plan calls for erection of four additional rooms on the Wilson grounds. These, according to Parsons, will be well-constructed, standard classrooms which can be employed when a new school building is constructed. Another interim measure will be the erection of two eight-room buildings—one to relieve the overload of seventh and eighth grade students, and one additional kindergarten-sixth grade school. All district schools now standing will remain in the kindergarten-sixth grade classification.

Construction of the 20 new rooms is aimed at next fall — to be ready for use in the term beginning January, 1949.

The long-range plan, formulated after a study of population growth and present facilities within the district, as well as probable extent of financial assistance from the state, will require the construction of several new classrooms on the present school sites.

Plans now are being drawn up for these additions on the present sites:

Woodrow Wilson elementary, eight new rooms including a multi-use room and an administration office; General Pershing, eight rooms and a kindergarten; Thornton, seven rooms and a kindergarten, and Wilson primary, two rooms and two kindergartens.

A new 14-room building with one kindergarten is planned for a school site in Garden Village; a nine-room building with one kindergarten will go up in Broadmoor Village, and the new Doelger tract site will call for 16 rooms and kindergartens, in the long-range plan aimed at September, 1949.

Parsons pointed out that while the schoolhouse planning division has approved the plan, it has yet to be ratified by both the finance and allocations divisions of the state board. This accomplished, the last word hinges on the vote of the state legislature, which may ratify or reject Governor Warren's large education budget for the coming year.

Hilltop Cab Co. Installs New Radios, Meters

The Hilltop Cab Company, heretofore only a small enterprise on the outskirts of a big city, should be running competition with the long-established companies throughout San Francisco and the peninsula now, what with its modern, up-to-date improvements.

Last December, the company became first on the peninsula to install two-way radios in all their cabs, to provide more efficient and faster service for its customers. And now the local cab service is complete. Last Saturday, proprietors of the company had mileage meters installed in their cars. The meters, the management said, provide reduced fare rates, at the same time enlarging the scope of business.

Young Boy Hurt In Auto-Bicycle Mishap

David A. Rasmussen, of 443 Vista Grande avenue, was treated at Junipero Serra Hospital last Friday for leg injuries sustained in an auto-bicycle accident in the 100 block on Los Olivos.

The youth received bruises and contusions on his legs when the bicycle he was riding collided with an automobile driven by Ernest L. Woodruff of Boulder Creek. Woodruff was not held.

R. Silicani Faces Another Theft Charge Tomorrow

Robert Silicani, 21-year-old Daly City man re-arrested last week for violation of parole, will enter the familiar courtroom again at 11 a. m. tomorrow to answer still another charge entered by the local police department.

Sentenced last October to six months in the county jail for petty theft, Silicani was paroled January 18, for good behavior, after serving only half his sentence.

Last week Silicani was in jail again — to finish his term for violating parole in a series of auto court robberies. And no sooner did he bed down in the jug again than a new charge was made against him.

This time it was a golf club robbery, involving a \$250 stolen golf equipment. Investigation of the March 15 burglary of the Lake Merced Golf Club led to apprehension of two youths, one from Daly City and one from San Francisco, who were attempting to sell new golf equipment at the local links.

Both alleged they had been given the stolen articles by none other than Robert Silicani.

Alleged Reckless Driver To Face Three Counts Friday

Richard Dale, 3230 San Jose avenue, will appear before Judge William J. Sweeney in municipal court tomorrow to answer a three-count complaint.

Dale was charged with disturbing the peace, reckless driving and driving without headlights when police reportedly found him driving his car in circles at the Mission Circle-Vista Grande intersection last Thursday.

He was released on \$50 bail.

Seeks Whereabouts Of Former Colma Rancher

The aid of the Record has been enlisted by M. E. Hanlon, 314 Lloyd building, Seattle, Washington, in the hope some long-time reader of the newspaper and resident of the community can recall whatever happened to George McCarthy, well-known rancher of the Colma district some twenty to twenty-five years ago. Hanlon will appreciate hearing from any friend or kin who can put him in touch with McCarthy now or some member of his family.

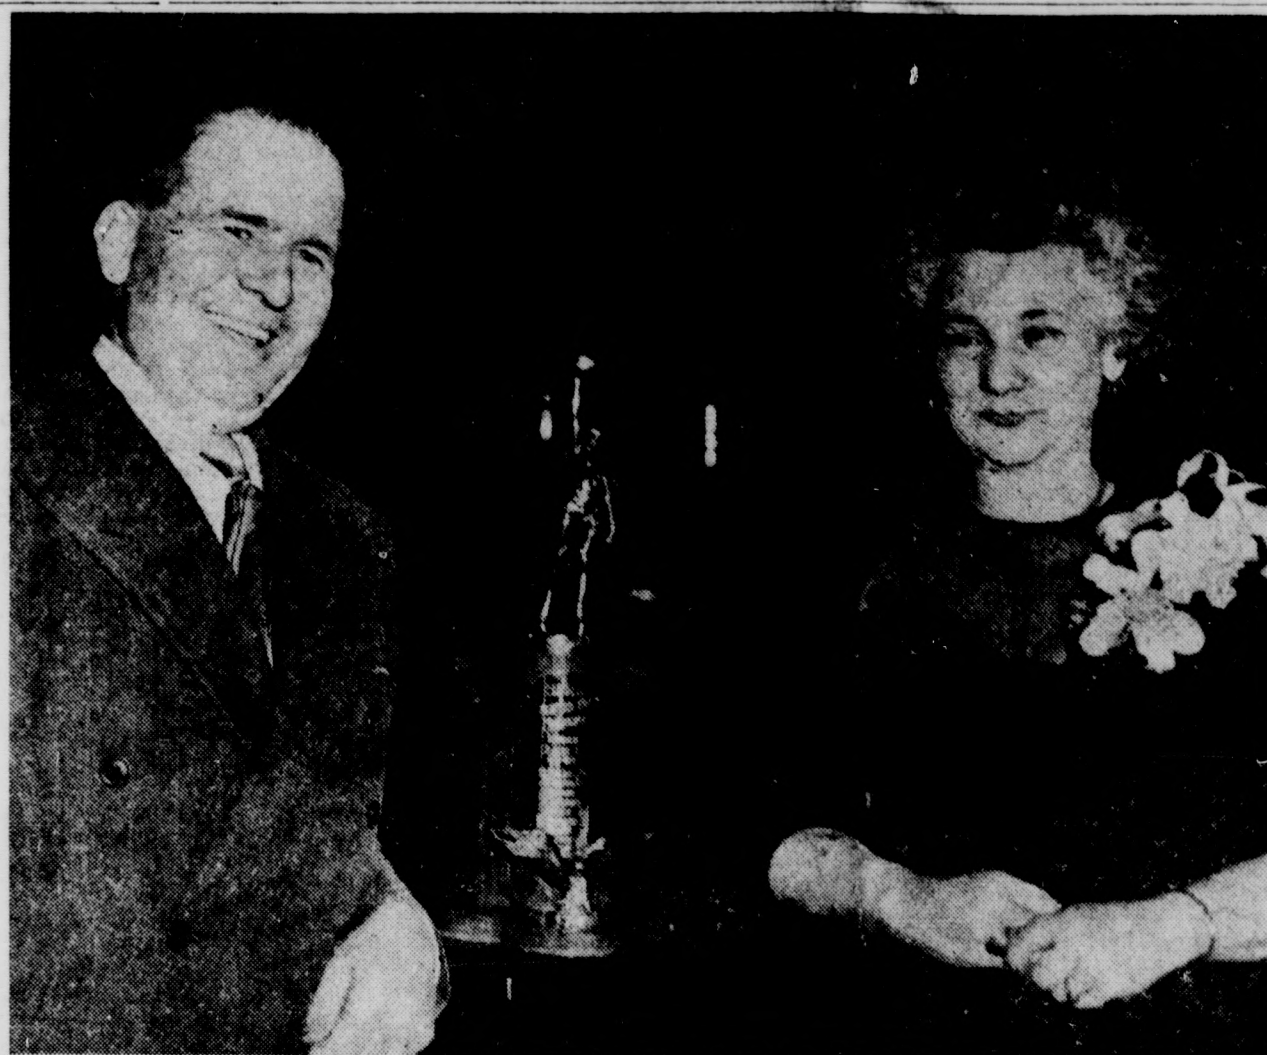

Mrs. Paul Dumont Leaves April 10 On Trip To France

Daly City friends are bidding "bon voyage" with added words of envy this week to Mrs. Paul L. Dumont, of 74 San Pedro avenue, who leaves April 10 on a four-month trip to France, after 20 years' absence from her homeland.

With her sister and niece, Mrs. J. A. Long and Mrs. James York of Vallejo, Mrs. Dumont will leave San Francisco on Saturday, April 10, for New York, to board the S.S. America for a week-long voyage to France.

The Daly City woman and her companions will be met at the port of Cherbourg by two of her sisters, and the five will journey to Paris to see her brother before embarking on a tour of the country to visit her mother and other relatives.

They will leave for home July 24.

WIN RECREATION DEPARTMENT TROPHY

Bill Degliantoni, sponsor of the American Roof Maintenance basketball team, and Mrs. Degliantoni display the trophy presented to them by the team at a victory dinner at the Starway last week. Awarded by the San Francisco Recreation Department, the trophy named the team champion of the Class "D" Recreation League.

CANCER SOCIETY LAUNCHES DRIVE HERE TODAY

The April campaign of the American Cancer Society to raise funds for its fight against cancer through education, research and service was under way today in Daly City, and elsewhere throughout the country.

Head of the local drive named this week by the San Mateo County office is Mrs. Drew Eason, who has successfully headed numerous other fund drives in her career of public service. Mrs. M. Pauline Brown, prominent Colma resident who heads the current Red Cross drive, will be chairman of the cancer campaign in Colma. The Brisbane drive will be captained by Mrs. Weston McIntosh, and the Bayshore campaign by Mrs. Eric Carlyle.

Mayor Melford D. Battye this week issued an official proclamation designating April 1 through April 31 for the local drive, which is expected to bring 10% over the returns collected last year. No special quota has been set on individual communities, however.

Of the total returns for the state, 40% goes to the national A.C.S. for a nation-wide program of cancer control; 25% of the amount for basic research in cancer, and a large proportion to the various states in the form of grants to laboratories of medical and educational institutional institutions. Fifteen per cent of this is used for production of educational materials and for administration.

Of the 60 per cent remaining within the state, portions are allocated to finance the society's grant-in-aid program in medical schools and hospitals and to conduct state-wide programs of education and service.

Services supplied by the San Mateo County branch of the ACS include maintenance of a tumor consultation center at Mills Memorial Hospital and of a cancer information center at 18 Second avenue, San Mateo; free hospitalization for cancer patients not eligible for public aid; visiting nurse service; special assistance to advanced cancer patients; lay education, and refresher courses for physicians.

S.F. Recruiters Enlist 163% Of Quota For Navy

The San Francisco branch of the Navy Recruiting Service, which includes 27 sub-stations from San Luis Obispo to Eureka and west to Reno, Nevada, has gone over the top in enlistment for the past three consecutive months, Chief A. B. Doyle said today.

Recruiter Doyle, of the Redwood City station, said that during the month of February, the branch recruited 163 per cent of its expected quota. Eighty-five recruiters are engaged in the 27 offices.

Clifford Linhares Hurt In Fall Through Window

Clifford Linhares, 60 Shakespear street, was treated at Junipero Serra Hospital last Sunday for a badly lacerated leg, after he had fallen through a store window at 6065 Mission street.

Taken to the hospital in a police car, Linhares told officers his leg was cut when a group of toughs pushed him through the window as he walked home with a companion. He was unable to identify his assailants.

Cpl. Bolger To Be Buried Monday At Nat'l Cemetery

Richard G. Bolger, Marine Corporal who died in battle on Iwo Jima March 8, 1945, will be buried at 10:45 a. m. Monday at Golden Gate National Cemetery after military graveside services, the war department said this week.

His parents, Police Sergeant and Mrs. William P. Bolger, will be joined at the scene of the funeral by scores of friends including city officials, in tribute to Daly City's lost champion.

The funeral procession will be conducted entirely by the military, and all observances will be held at the cemetery.

Daly City's Best Golfer Missed His Rabbit's Foot

The third try for the San Francisco Amateur Golf Tournament title proved no charm for Daly City's Bob Silvestri Sunday as the local tavern owner bowed to Dick Bailey, Modesto Junior College professor, in the most spectacular match in the tournament's history.

For the third time in three years, Bob reached the finals of the much-spectated west coast event, only to go down in defeat, one down on the 36th hole.

Maintaining a lead of three up after the 18th and the 27th, it looked like sure victory this time for the game Daly City contender. On the 33rd tee, Silvestri stood two up with only four to go, as the margin narrowed, but it still looked good for the favorite.

When Bailey, however, sank a 30-foot putt on the 33rd, halved the 34th and sank a six-footer on the 35th, the score was evened up. Silvestri had missed a three-footer on the 35th and it appeared that the match would go into extra holes.

The favorite took his last shot first and slugged a 30-footer to within inches of the 36th. But Bailey, treading the last hole from 25 feet, shot true to the mark to take the title.

For the first time in the history of the San Francisco Amateur Golf Tournament, the winner navigated the last nine holes in the irreducible minimum of 11 putts. It seemed a fateful omen for Bob.

Team Presents Recreation Trophy To Degliantoni

Holding a prominent place in the window of Bill Degliantoni's American Roof Maintenance shop on Mission street this week is a golden trophy awarded to his prize-winning basketball team by the San Francisco Recreation Department.

The trophy, symbol of the team's championship of the San Francisco Class "D" Recreation Basketball League, was presented to Bill last week at a victory dinner he gave for the boys at the Starway.

Each member of the team was rewarded with a smaller model of the prize — a gold-plated hoopster mounted on a red-bronze pedestal. As victors, the trophies name Coach Ed Averill and Captain Jim Pierson; John Domane, Stan Lefcourt, Sid Kevich, Nick Zotovich, Ted Gelber, John Martinez, Bill Degliantoni Jr., and Bob Bennett.

All players and their wives were present for the dinner at which the senior Degliantoni was host.

Colma Com. Center Needs Repairs; Party April 9 To Raise Funds

A successful evening of games and fun is expected next week at the Colma Community Center, when the directors sponsor their long-awaited community party for the benefit of the maintenance fund.

Inspired by the need for a new heating system; for repairs to the windows, doors and roof, and for new seating facilities, the directors have planned a social affair in which all of Colma is expected to participate.

Score cards for whist, as well as the sale of coffee and cake will be the only fund-raising devices, since no charge will be made for admission.

The community party is scheduled for the evening of Friday, April 9.

COUNTY TAXES COLLECTED HERE WED., APRIL 14

Ralph C. MacArthur, San Mateo County tax collector, will be available in the Daly City branch of the Bank of America Wednesday, April 14, for payment of county taxes, the Redwood City office announced today.

MacArthur will be stationed in the bank from 10 a. m. to 3 p. m., throughout banking hours, the tax collector's office said.

Notice was given that the second installment of 1947-48 county taxes will be delinquent Tuesday, April 20. Date for collecting in Daly City has been set for the public's convenience.

Troop 5 Girl Scouts Have Mother-Daughter Party, Visit Museum

Barbara Dale and Jacqueline Mullen earned their hostess badges last week by entertaining the girls of Troop 5 and their mothers at a mother-daughter party.

On Wednesday, the Girl Scouts, accompanied by their leaders, Mrs. Mullen, Mrs. Michelson and Mrs. Prescott, went to the museum. Afterward, they were served lunch at Mrs. Michelson's home.

CIVIL SERVICE TO HOLD EXAMS FOR FIRE DEPT.

By Mel Hansen

The Civil Service Commission of Daly City will hold civil service examinations for the positions of firemen, soon after April 15, which is the deadline for all applications to be filed with the city clerk.

The city clerk will accept applications for the position of fireman any day during the week and on Saturday until noon.

Chief Kennedy said that only ten applicants have been received so far and that most of them are applicants from men in the Crocker Tract and several from the southern part of Daly City.

Districts 1 and 2 are in need of firemen and so far none from either district has filed an application.

The city needs men for the fire department, especially during the daylight hours. The city is well covered during the night.

Once a fireman in the Daly City Fire Department you will be eligible to take a competitive examination when a full-time fire department is inaugurated, which may be sooner than any of us realize.

If you are between 21 and 35 years of age and at all interested in becoming a fireman in Daly City, file your application with the city clerk at the city hall before April 15 at 5 o'clock p. m.

S.F. Man To Face Drunk Driving Charge

Alexander John McDonald, of San Francisco, was released on \$125 bail last Saturday to appear before Municipal Judge William J. Sweeney tomorrow on a charge of drunk driving.

Complaint was signed by Police Officers James Welsh and Dave Johnstone, who alleged McDonald was found driving while in a state of intoxication March 27 at Price street and Hillside boulevard.

Big Turnout Last Saturday At Easter Egg Hunt

Aided by favorable conditions provided by mother nature, some 800 children from Daly City and surrounding communities assembled on the Jefferson High grounds last Saturday for the Recreation Department's long-awaited Easter egg hunt.

Double the number of children expected, from toddlers to young teen-agers enjoyed more than two hours of what was popularly termed "another hilarious Recreation Department success."

Relay games were held for all age groups before the hunt, with 60 candy prizes awarded to winners in the various age groups. And each child, as he left the school gym for the start of the egg hunt, was presented with a gift of bubble gum. Relays run were a back-to-back race, shuttle relay with tennis; candle race, ping-pong relay, jump rope race, wheel barrow race, hopping and potato races, egg rolling and crab racing for the older children. Circle games and dances and simpler relays were held for younger tots.

Prizes were also awarded to finders of the 12 marked eggs hidden in the field.

Recreation Director Elman Rose, who supervised the entire affair, gave public acclaim this week to the 18 Girl Scouts who assisted Mrs. Bradford, high school cafeteria supervisor, with coloring of the 1800 eggs. Glenn Smith, park director, supervised hiding of the eggs.

Rose also publicly thanked these people who assisted in leading the games:

Mary Falbo, Oroville High School teacher; Kathleen Schreiber, recreation department dance instructor; Beverly Clement, and Bob Seiler, local playground directors; Ben Leep, Lincoln Park playground director, and several parents who accompanied their children.

Element. School Games Start In Rec. League

The soft-ball recreation league for elementary schools in Daly City got off to a start Wednesday with a game between Woodrow Wilson School versus Crocker.

Bob Seiler coached the Crocker team, while Art Valverde trained the Woodrow boys. Second game is set for tomorrow, April 2, between Crocker and Jefferson Elementary. Don Paganini is Jefferson's coach.

FINE PROGRAM IS PREPARED BY MEMBERS FOR THE BIG EVENT

Two Men To Answer Disturbing The Peace Charges Here Tomorrow

Hugo Dan Marchetti of San Francisco and Robert Mavel of South San Francisco will answer to Daly City municipal court Friday on charges of disturbing the peace.

The two men were arrested last Sunday after allegedly causing a disturbance and blocking traffic by fighting in the center of Mission street near Market street.

They were released on \$50 bail each.

\$254,500 Granted By State; Fair Bldg. Plans Underway

This year's San Mateo County Fiesta may well be held in a newly-constructed hall to compare with the largest of its kind in the state of California, according to recent developments announced this week by the County Fair Board.

Anthony Gaggero, Daly City member of the fiesta committee, disclosed Tuesday that the state public works board had approved the county fair association's request for \$254,500 for building construction.

Augmented by \$140,000 from county funds, the state grant is expected to make possible the construction of the long-awaited 70,000-foot structure which will house the county's annual fair and fiesta. Gaggero said George Lagomarsino, fair association president, has already been assured by two separate construction companies that the structure could be completed in time for the 1948 fiesta.

On receipt of the state's approval, the board immediately called a meeting for Tuesday night to initiate action on the building's construction.

Site for the building, which also will serve as an auditorium for the cities of San Mateo, Burlingame and Hillsborough, will be the 25 acres adjacent to the big Bay Meadows parking lot. Expected to accommodate 10,000 people, it will be planned with an eye toward future erection of a 6,000-foot garden center.

Site for the building, which also will serve as an auditorium for the cities of San Mateo, Burlingame and Hillsborough, will be the 25 acres adjacent to the big Bay Meadows parking lot. Expected to accommodate 10,000 people, it will be planned with an eye toward future erection of a 6,000-foot garden center.

Red Cross Drive Extended 10 Days

Daly City and Colma may yet reach their quotas in the Red Cross drive this year. Deadline for submitting returns has been extended 10 days, according to announcement Monday by the San Mateo County branch office.

To date, returns from each unit total approximately 50 per cent of the quota, and are still climbing. County Red Cross authorities said the drive has been prolonged because of interference by the early Easter holidays and by prohibitive weather.

Mrs. M. Pauline Brown, Colma drive chairman, said today her unit had collected some \$800, and was in hopes of turning in close to \$1500 on April 10, at the close of the drive.

Late contributions are coming in more slowly but steadily in Daly City, according to Arthur J. Bodien, Daly City drive chairman.

So far, Belmont is the only county community to reach 100 per cent of its quota.

Local Man To Answer Drunk Charge Here

Jose Cesena, 137 Farallones street, will appear in Daly City municipal court tomorrow on a charge of drunkenness in and about an auto.

Police Officers John Walsh and Arthur Linhares, who made the arrest, said Cesena was found sitting in his truck at Wilson street and San Jose avenue while under the influence of liquor.

He was released on \$50 bail.

O.L.P.H. Dessert-Whist Slated For April 6

The monthly dessert whist party sponsored by Our Lady of Perpetual Help parish will be held next Tuesday, April 6, at 1:30 p. m. in the parish hall, under the chairmanship of Mrs. Catherine Bradley and Mrs. Susan Schroeder.

Mrs. Bradley will handle arrangements for dessert, while Mrs. Schroeder will be in charge of the games.

According to committeemen, numerous attractive prizes have been acquired for the affair.

Something comparatively untold in the field of entertainment is being witnessed this week as the Lions Club Benefit Show slated for April 6 at the Daly City Theatre goes into its last week of vigorous rehearsals.

The outstanding feature of the show is its continental quality—with all prominent service organizations in the city working together harmoniously to put it over, each doing its separate job industriously and all sharing in the fruits of its success.

Sponsored principally by the Daly City-Colma Lions Club, the show will feature a cast versatile in attractions, and will be produced through heretofore unsurpassed cooperation between organizations. For a percentage of the profits, to be channeled into service funds, each club is selling tickets to the affair.

Aside from this, the cast will be manned by professionals, by Lions, Eagles, high school students and by independent amateurs. Shavo "The Schnoz" Sherman, former star of Billy Rose's Diamond Horseshoe and 365 Club comedian, will headline the show, which will include such other professionals as Happy Bruno, ventriloquist, and his Duppy Cecil McGuire; Bill Sweeney, bay area magician, and Fred Rogers, impersonator and Buda protege.

Amateur acts will include Doris Parodi, Jeff High yodler, and the Eagles' hillbilly band, among others. Arthur Hegden, Harry Pixton, Bob Sullivan, George Wheeler, Ed Minsinger, Bert Merritt and Joe Lewkowicz will be seen and heard in the latter attraction.

The feature picture, "Yankee Fakir," starring Douglas Fowler and Joan Woodbury, will be a part of the show. Art Kloth, who took over management this week of the Parkside Theatre, will be assisted in the show's production by his successor, Ben Stevenson, new Daly City Theatre manager.

Tickets for the affair, a benefit performance for charity and project funds — are priced at \$1. They will be sold at the box office, as well as by various local club members.

Youth To Face Charges In Motorcycle Accident

Alfred "Bud" Herbstreit, 18 Potter Hotel, San Francisco, didn't bargain for any trouble when he drove a borrowed motorcycle down Mission street Monday night.

But trouble was all he has, what with his head swathed in bandages and a charge of hit-and-run driving against him.

Herbstreit told police Tuesday that he was the culprit who drove a motorcycle through the plate glass window of the Mission Street 5 and 10 cent store Monday, breaking the glass and tearing the door off its hinges.

The citation was for hit-and-run driving involving property damage. The youth was released on \$25 bail to appear Friday.

James Paul Green To Leave Army With Rank Of Major

Released from hospital care after 27 months of Army hospitalization, Capt. Paul Green was back on the job as councilman this week, with final separation from the Army expected in approximately thirty days.

Green had been elected mayor of Daly City in April, 1946, and the post was taken over by Mayor Melford D. Battye when extended hospitalization for Green was required. One of the original draftees from this area, Green entered service as a private in the 17th Infantry Regiment in January, 1941. He will be separated with the rank of Major in the Transportation Corps, U. S. Army, after more than seven years service.

Councilman Green announced that one of his first objects will be the procuring of the last lots for the proposed War Memorial site, ninety per cent of which has already been secured by the council.

Arrangements have been made for the purchase of three of the remaining four lots, with the only parcel now holding up the project being a lot on the northeastern corner of Alp and Mission streets.

Other tasks requiring immediate attention, according to Councilman Green, are the preparation of the 1948-1949 budget, with provisions for expanded recreation facilities and a fifteen year plan for the improvement of the municipal water works facilities.

TAX REDUCTION

Well, in spite of war fears, Presidential vetoes and a plan for increased military expenditures it appears that the American people are going to get the tax cut that has been dangled before their collective noses for a year or more.

No general protest from the people is expected.

With family budgets groaning under the strain of the current cost of living — a large part of that cost is due to the tax burden — the reduction will ease the load somewhat, particularly in the lowest income brackets.

But the beneficial effect should be felt all along the line. Even the 5 per cent cut in the tax on top incomes will have a generally helpful influence in that it will make more money available for capital investment — and capital investment is what creates jobs.

Another group that will cheer the cut are the employed men and women who are approaching retirement age. The efforts of many of them to provide more adequately for their families and themselves when their regular incomes stop have been hampered by the high taxes over the years. In other words, much of the money that might have been saved for greater old age security has been drained off in taxes. This has been, and still remains to a degree, a hardship on them since their earning days are limited.

At any rate, a lower tax rate is just what the doctor ordered to put a little "weight" on emaciated pocketbooks.

THIS WEEK IN HISTORY

The Selective Service Act which was inaugurated on October 29, 1940 ceased to exist just one year ago this week—March 31. During the 6½ years it was in force more than 10,200,000 men received "greetings" from the President.

The soft coal mines were shut down at this time last year. John L. Lewis had closed them for six days following the disaster at Centralia, Illinois.

Also a year ago the abortive Moscow conference of Foreign Ministers was being held.

The "Truman Doctrine" involving \$400 million in aid to Greece and Turkey was a hot topic of discussion in Washington and elsewhere. The President had proposed the plan to Congress on March 12.

The House of Representatives had just passed a bill to reduce personal income taxes.

Some of these items sound familiar, don't they?

APRIL 6, 1917

Thirty-one years have passed since Woodrow Wilson stood before Congress and asked for a declaration of war against Germany. He said on that occasion: "The right is more precious than peace, and we shall fight for the things which we have always carried nearest our hearts — for democracy, for the right of those who submit to authority to have a voice in their own Governments, for the rights and liberties of small nations, for a universal dominion of right by such a concert of free people as shall bring peace and safety to all nations and make the world at last free." After two wars and 31 years of history we have yet to see the attainment of that lofty goal. But the frustrations of the past and the present must not be allowed to deaden our determination to achieve it in the future. The battle for the right is not won in a day—it goes on forever.

TRADE WITH RUSSIA

The shipment of airplane engines to Russia and her satellites brings back painful memories of the days when scrap iron and oil were being sent to Japan in huge quantities.

The main difference is that the amount of materials readily usable by comparison. It has been estimated that all such equipment and supplies shipped from the United States during the greater part of last year wouldn't sustain a major army for one full day in modern battle.

There can be no doubt, however, that public opinion is against the shipment of even a cap pistol to Joe Stalin and his stooges. In this case a little in the way of war materials is too much. But there is no justification for shutting off all commerce with Russia.

It has been pointed out that trade between the two countries is one of the few avenues remaining open through which we may yet reach a better understanding with the Soviets. (Not an encouraging prospect, but still a possibility.) Also, if we close this avenue the Russians in retaliation may cease trade with Western Europe, and Western Europe, even with the help of the Marshall plan, needs to exchange goods with the other half of the continent to survive.

So, it appears wise that we continue our commerce with Russia but prohibit the further shipment of obvious war goods. This prohibition should have been set up long ago. We earnestly hope that neither the Soviets nor ourselves will ever have occasion to use military equipment in combat again. But after the tragic experience with Japan we can't risk getting stung again.

GOOD NEWS

Weather forecasters express the belief that recent rains may have signaled the end of the comparatively dry era which has prevailed in California for the past two or three years.

The British-French-American proposal that Trieste be handed back to Italy is reported to have greatly strengthened the hand of the democratic elements in Italy for the coming election on April 18.

Fire Chief Gives Rules To Keep Tots Safe From Fire

Many citizens expose their children to death by fire and disease every day, Fire Chief Elmer Kennedy warned residents of Daly City in a Spring Clean-Up announcement.

Fire kills more children in the home than any other single cause of accidental death, he pointed out in an appeal to every citizen to join this year's community clean-up in an effort to rid the city of fire hazards.

The chief cited figures of The National Board of Fire Underwriters which showed that out of 6,000 children who die from home accidents every year, more than 2,000 in 43 per cent are burned or scalded. Thousands more are crippled by burns.

Can Be Prevented
Yet many of these tragedies could have been prevented by a little care, the chief continued. He suggested that parents spend a little more time in cleaning out home fire hazards, and protect their children's lives.

He called for wholehearted cooperation from every parent, every householder and civic group to check homes and community for possible fire dangers, and to clean up disease-harboring rubbish in vacant lots where children play.

Specifically, he listed recommendations of The National Board of Fire Underwriters to be used as a fire prevention guide by parents:

1. Never leave children alone in the home. Be sure your sitters are nature and responsible enough for the care of young children.
2. Make certain your sitters know how to call the fire department.
3. Be positive — that matches, not liquids, lighted candles and lamps are out of children's reach.
4. Don't permit children to play with bonfires or fireworks. Fires for marshmallow toasting and popcorn roasting should be held in fireplaces, only, and always under adult supervision.
5. Don't dress your children in highly flammable clothing, such as fluffy net dresses, brushed cotton or brushed rayon suits.
6. In case of fire, get the children out of the house first, then call the fire department.

Colma P.T.A. Holds Election; Sets Installation Date

New officers for the 1948-49 term were elected this week by the Colma Parent Teacher Association at a special meeting called by Mrs. Frances Landi, president, at Mrs. Lillian Bertucci's home.

These officers will be seated April 14 at an installation dinner at the Colonial Drive-In on Junipero Serra boulevard.

Mrs. Hilda Dennis, president; Mrs. Dora Bianchini, vice-president; Mrs. Irene Chessman, secretary; Mrs. Virginia Lagomarsino, treasurer; Mrs. Frances Landi, parliamentarian; and Mrs. Tina Hollingsworth, auditor.

Reservations for the dinner, which is slated for 7 p.m., must be made with Mrs. Chessman, Juniper 5-7325, or Mrs. Bertucci, Delaware 3-2714, by April 13.

Another member present at the meeting was Mrs. Mae Baybayan, new sewing and sunshine chairman.

Fathers To Attend Pershing P.T.A. Meeting April 6

The April meeting of the General Pershing Parent Teacher Association will be held next Tuesday, the 6th, at 8 p.m. in the school.

This evening meeting was planned so that fathers of Pershing school children will have an opportunity to attend and participate in the organization's activities. Mrs. M. E. Nentzell, president, has urged all parents to attend.

Speakers will be Mrs. M. G. Strohmeier, president of the 17th District, California Congress of Parents and Teachers, and R. L. Craven, superintendent of the Jefferson Elementary School District.

Alphonse DeRam

Alphonse DeRam, 75, a native of Ruissel, Belgium, died Wednesday, March 24, at Junipero Serra Hospital after a lingering illness.

The septogenarian, born March 29, 1873, had resided in this community for 42 years, pioneering in its growth. He was a retired janitor at the time of his death.

Funeral services were conducted Monday morning from the chapel of W. C. Lasswell and Co. Mortuary. Requiem high mass was said at Our Lady of Perpetual Help Church, with interment following in Holy Cross Cemetery.

Survivors include his widow, Mrs. Louise DeRam; a daughter, Mrs. Alice Dardi; two sons, John DeVolder and Emile LaFevre; a sister, Mrs. Alphonse DeRamaker of Detroit, and two brothers, Charles and Stien DeRam.

He was a member of the Belgian Benevolent Society.

SMOKE SIGNALS

By Carolyn Bucher

A special meeting of the junior and low senior classes was held for the purpose of choosing students to represent Jefferson at the annual conference to be held at Sacramento State College for the training of statesmen. During this conference, to be held some time in June, the students will tour the capitol and visit various buildings in that section. The trip and the arrangements for those who are going to attend Girls' and Boys' State will be financed by the American Legion of this vicinity. Those students chosen by their classmates who are to represent Jefferson this summer at Sacramento State College are: Brisbane Auxiliary, Leola Huber; Brisbane Post, Bob Tann; Daly City - Colma Auxiliary, Beverly Finnegan, and Clair Allen, alternate; Daly City-Colma Post, Ray Settrini, and Don Woll, alternate.

Two of Jefferson's very best seamstresses, Beth Ewing and Barbara Bordson, received scholarships given by the Singer Sewing Machine Co. The scholarships offered these girls by the Singer Company consist of an eight-lesson course. Classes are held on Saturday afternoons, and both girls have already attended three classes. These girls are going to appear in a fashion show to be presented by the Singer Company, modeling clothes that they have made.

On April 12 the National Assemblies of Los Angeles is going to present to the Jefferson student body, "Wear and Co." The word magic is synonymous with the name of James Wear. At an early age, Wear was already engaged semi-professionally as a magician. According to Wear, the secrets of a trick are not so important as how the trick is performed. Several tricks that Mr. Wear originated will be presented on the program. The Wear Company comes from Kentucky. With the aid of his attractive wife, Mr. Wear is going to present a stream-lined magic program. The American slogan, "It's fun to be fooled," will be proven when the Wears come to town.

Summer Camp Site Chosen By 12th Inf. Marine Corps Res.

By Dave Hansen

The 12th Infantry Battalion, United States Marine Corps, Reserve, has been assigned Coronado by the Sea for its annual summer camp. Near San Diego, Coronado is considered ideal for this purpose. Each year Camp Pendleton, Oceanside, California, holds summer training for all Marine Reserve battalions west of the Mississippi. The outstanding battalion of this group, however, is accorded the honor of training on the resort island. The 12th Battalion was outstanding in 1947-48.

A number of Daly City men are members of the battalion. Some are veterans, others novices. The latest recruit is Corporal Harry A. Kent, a former Army sergeant, who is now a squad leader in the machine gun platoon.

The men currently serving in the battalion are following a pattern set by other local residents, such as Silver Star Hero Richard Bolger, deceased; John Mosman, Andrew Parodi, "China Marine" William LaHaye, David Hansen, and others, wartime Marines all.

The 12th Infantry Battalion is, at present, up to strength, but will continue to accept recruits for its "waiting list." Veterans with infantry experience will keep their rates, others will be accepted in the next lower grade, whenever possible.

Political Pot Begins To Boil Under Full Steam

Close contests were predicted today for the June 1 election of county officials and central committee members, as candidates swung into heavier and more energetic campaigns for election.

Only county post which remains uncontested is that of Superior Court Judge Aylett R. Cotton, incumbent. According to County Clerk William H. Augustus, a total of 69 San Mateo County residents has filed for election to the political central committees — six of them for the Independent Progressive Party.

Twenty-eight persons have entered the race for the Republican Central Committee, 17 of them incumbents. Of the 35 candidates for the Democratic body, 13 are incumbents. Twenty-one posts are to be filled on each of the committees.

In the first district, which includes Daly City among other north-county communities, all four incumbent candidates have filed for re-election to the Republican committee. Thomas J. Callan, Colma; Rudolph A. Rapsey, San Bruno; Joseph L. Sarto, Daly City, and Henry E. Venturi, South San Francisco, will run uncontested, as four are to be elected.

In the Democratic committee race, however, only seven will be elected from among the 11 candidates in the first district. These have filed:

Harold J. Bailey, South San Francisco; Julius F. Castelan, Daly City; William I. Farmer, San Bruno, and Frank Garibaldi, Colma, incumbents, and David Barazza, Daly City; Mrs. Vicier C. Hunting, San Bruno; John J. Murphy, San Bruno; George J. Sims, Daly City; Theodore R. Pretzer, South San Francisco; George H. Wallace sr., San Bruno, and George F. Wheeler, San Bruno.

Mrs. John P. Moran and Mrs. Mabel C. Schaaf, both of San Bruno, have filed for the Independent Progressive Party in the first district.

The lineup of candidates for county offices:

Congress — Jack Z. Anderson, incumbent; Oliver J. Todd, Palo Alto, and Jonathan Rowell, Redwood City. All have filed on both tickets, and Rowell has filed as well on the Independent Progressive Party ticket.

State Senate — Harry L. Parkman, incumbent, of Millbrae; and Edward J. Carrigan, San Mateo. Both have crossed filed.

State Assembly — Richard J. Dolwig, incumbent, of South San Francisco; Robert Hardgrove, San Mateo. Dolwig has crossed filed and Hardgrove has filed on the Democratic ticket.

Superior Judge — Aylett R. Cotton, incumbent, of San Mateo. Board of Supervisors — Thomas L. Hickey, incumbent, of South San Francisco, and Roy P. Womack, of San Bruno, in the first district.

Charles R. Garry of Daly City, a San Francisco attorney, has filed candidacy for congress from the Fifth District, to oppose Richard Welch of San Francisco, incumbent.

Eastern Star To Hold Annual Christmas Tree Whist Party Monday

Crocker Chapter No. 382, Order of Eastern Star, will hold its annual Christmas Tree whist party next Monday in the Masonic Temple.

The party will begin at 8:30 p.m. Elizabeth Duckering, chairman, has invited the public to attend.

Floyd D. Granger Reassures Vets

In view of recent announcements that services to veterans are again being curtailed by the Veterans Administration due to a shortage of funds, Floyd D. Granger, veterans service officer, located at the courthouse, Redwood City, today reassured veterans that complete service will continue to be rendered to veterans and their dependents in connection with all rights and benefits — national, state and local.

Due to the reduction in VA personnel, the closing of contact offices and the reduction of Training officers in the field, there will be a heavier work load on the Veterans Service Office, but Granger emphasized that veterans and their dependents in this area will be fully served and will have complete cooperation from the service office.

Granger urged veterans and their dependents to call at his office for assistance on any matter pertaining to veterans' rights or benefits regardless of what the situation might be. He added that in the event the problem is of such a nature that it cannot be solved immediately, the veteran can be assured the problem will not be forgotten, but will be followed through until a solution is found.

Women's Civic Club Seats Officers At Thursday Meet

New officers of the Women's Civic Club were installed last Thursday in a ceremony at the Irvington street home of Mrs. Lillie Cavagnaro.

The installation was conducted by Mrs. Ann Eason and Mrs. Maizie Boyle, with Mrs. Margaret Fields taking over the executive reins.

Other administrators seated were Rose Watson, vice-president; Julia Byrne, treasurer; Marie Pool, auditor, and Ann Eason, parliamentarian.

New standing committee chairmen are Dora Hulmburg, sunshine; Marie Gehrig, citizenship; Martha Linden, program; Amelia Lewis, property, and Lillie Cavagnaro, refreshments.

Among the actions of civic interest taken by the club were allocation of a donation to the Red Cross and a club-wide volunteer to assist in the cancer drive. Parlor games were the evening's diversion. Refreshments were served by the hostesses.

Mrs. Martha Linden's home at 467 Nantico avenue will be the scene of the next meeting, April 22.

NOTICE OF SHERIFF'S SALE

By virtue of an execution, issued out of the Superior Court of the City and County of San Francisco, State of California and dated the 26th day of February, A. D. 1948, in an action in which the Plaintiff Jack C. Carle and Michele Wright J. Carle on the 30th day of January, A. D. 1948, recovered judgment against Bea Wright Clougher, Defendant, for Two thousand four hundred seventy six and 35/100 (\$2,476.35) Dollars, legal money of the United States of America, and costs of suit.

I have levied upon property described as follows, to-wit:

All those certain lots or parcels of land situate in the County of San Mateo, State of California, and particularly described as follows, to-wit:

Lots number Twelve (12), Eleven (11), Ten (10), Nine (9), Eight (8), Seven (7), Six (6), and Five (5), in Block numbered Fourteen (14), as shown on that certain map entitled "Map of San Pedro Terrace By-the-Sea being a part of the San Pedro Rancho, San Mateo County, California", which map was filed in the office of the Recorder of San Mateo County, February 3, 1908, in Book 5 of Maps at page 60.

Notice is hereby given, that on Monday, the 5th day of April, A. D. 1948, at 11:00 o'clock A.M., at the main entrance to the County Court House, City of Redwood City, in the County of San Mateo, State of California, I will sell all the right, title and interest of said Bea Wright Clougher in and to the above described property at PUBLIC AUCTION, for cash in legal money of the United States, to the highest and best bidder, to satisfy said Execution and all costs.

Dated at Redwood City, this 9th day of March, A. D. 1948.

San Mateo Jaycee Tennis Teams Win At Berkeley Play

Winning top honors in the first Northern California Junior College Intercollegiate tennis tournament at the Berkeley tennis club last week, San Mateo Junior College tennis players scored eleven points to Modesto's eight, and San Francisco City College's six. The Mateans received gold emblems and a perpetual trophy at the big event which had 64 players entered. Coach "Sy" Bashor's team will now start their conference playing and will also meet several of the four-year colleges.

This week the junior college adult center starts its spring quarter of evening sections. Old students will continue their regular work, while new students can enroll for the more than sixty courses offered.

Back to classes after their Easter vacation, the junior college students will start conference baseball and conference track, and will arrange a conference for the officers from the other junior colleges of northern California jaycees, while the Associated Women Students will sponsor a semi-formal dance in San Francisco April 9.

Notice of Guardian's Sale of Real Estate At Private Sale

No. 12918
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Guardianship of the Person and Estate of KATHLEEN KEENEY WALKER, a Minor.

NOTICE OF GUARDIAN'S SALE OF REAL ESTATE AT PRIVATE SALE

Notice is hereby given that MARJORIE CUTTEN ROCHE, formerly known as MARJORIE CUTTEN WALKER, guardian of the person and estate of KATHLEEN KEENEY WALKER, a minor, will sell at private sale to the highest bidder, upon the terms and conditions hereinafter mentioned, and subject to confirmation by the above entitled Superior Court, on or after the 17th day of April, 1948, the following described real property belonging to the estate of said minor, which is an undivided one-half interest in and to the real property hereinafter described.

All that real property in the City of San Mateo, County of San Mateo, State of California, described as follows:

Portion of Lot numbered seventeen (17) as shown on that certain map entitled "Map of Hillsborough Acres Situated in the City of San Mateo, San Mateo County, California," which map was filed in the office of the County Recorder of San Mateo County on December 6, 1912 in Book 8 of Maps at page 35, more particularly described as:

BEGINNING at a point on the Southerly line of Fulton Road (now known as Bromfield Road) from which the point of intersection of the Southerly line of said Fulton Road (now known as Bromfield Road) and the Westerly line of Bromfield Road (now known as Fulton Road), as said roads appear on the map above referred to, bears North 61° 06' East 141.90 feet; running thence from said point of beginning, South 29° 54' East 87.20 feet; thence South 60° 06' West 145.03 feet to the Westerly line of Lot 17 above referred to; being the Northeastly line of that certain strip of land 10 feet wide conveyed to the Town of Hillsborough for the widening of Hillsborough Boulevard by Deed from Anglo-California Trust Company, a corporation of The Town of Hillsborough, a body politic and corporate, dated March 5, 1927 and recorded March 7, 1927 in Book 285 of Official Records at page 179, Records of San Mateo County; thence North 29° 54' West along said line 89.82 feet, more or less to the Southerly line of Fulton Road (now known as Bromfield Road); thence North 61° 06' East along the Southerly line of Fulton Road, 145.03 feet to the point of beginning.

Terms and Conditions of Sale: Cash in lawful money of the United States of America, 10% (ten percent) of the purchase price to be deposited with bid, balance on confirmation of sale by the Court. Deed and policy of title insurance at the expense of the purchaser. Taxes and insurance if any, to be prorated as of date of delivery of deed.

All bids or offers must be in writing and may be delivered to the office of H. O. MUNDHENK, Attorney for said guardian at 315 Montgomery Street, San Francisco, California, or may be delivered to said guardian personally, or may be filed at the office of the Clerk of the above entitled Court, at any time after the first publication of this notice and before the making of the sale.

Dated: April 1, 1948.
MARJORIE CUTTEN ROCHE, formerly known as MARJORIE CUTTEN WALKER, guardian of the person and estate of KATHLEEN KEENEY WALKER, a minor.

African Music Customs Told By U.C. Explorer

Primitive music recorded in darkest Africa, rare and fantastic musical instruments, and valuable research material on the music of primitive peoples have been brought back by Mrs. Laura C. Boulton, first member of the University of California African Expedition to return to the United States.

Leader of the expedition's primitive music project, Mrs. Boulton documented the customs and music of natives in many sections of South Africa. She traveled over 12,000 miles of deep jungle and made more than 500 recordings from a dozen or more tribes. The Transvaal, Zululand, Bechuanaland, Basutoland, Swaziland, Ovamboland, Angola, and the Kalahari Desert were visited by the music hunting safari.

A set of Hottentot bark flutes, palm seed rattles, rare drums, an eight-foot mahogany xylophone, and several other instruments—wood and wrought iron instruments with a tone like a tin box—are among the prized trophies brought back by Mrs. Boulton.

"Music of vital and elemental rhythms and of tremendous contrasts," said Mrs. Boulton of African music. "It ranges from the primitive music of the Bushmen and the Hottentots to more elaborate and highly developed types."

Benefit Ball For War Victims Aid This Sunday

An elaborate grand concert and ball will be sponsored by the Friendship Singing Societies and Auxiliaries next Sunday evening, April 4, in California hall auditorium, Polk and Turk streets, the entire proceeds going to the Child-Feeding program of the American Quaker relief organizations in war-devastated provinces and countries of Central Europe. The stage program by concert radio and operatic and musical artists and noted choral groups, will

Affords Privacy

Stained half-timbers and decorative brick patterns are natural materials characteristic of the English cottage designs. Although they are more expensive to use in this way, there is little doubt of their charming effect. The arrangement of the plan affords much privacy for all rooms with cross-room traffic at a minimum. Separated living and dining rooms are provided since there are still some families who prefer this solution. It comprises 1244 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for \$2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for \$5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

P.A.L. Baseball Starts Today

Spring schedule of activities in the Peninsula Athletic League for Jefferson's varsity and frosh-soph baseball teams was released this week by G. S. Stewart, P.A.L. commissioner.

The schedule starts today, April 1, with the lower team meeting Lincoln High School on the Jefferson diamond.

Latest practice games played by the varsity took place Monday and Tuesday, against Balboa and Lick Wilmerding, respectively. The locals beat Balboa in the Monday game, 9-1.

Varsity schedule:
Friday, April 2 — Palo Alto at Jefferson.
Tuesday, April 6 — Sequoia at Jefferson.
Tuesday, April 13 — Jefferson at San Jose.
Friday, April 16 — Jefferson at San Mateo.
Tuesday, April 20 — Halfmoon Bay at Jefferson.
Friday, April 23 — Burlingame at Jefferson.
Tuesday, April 27 — Jefferson at Lincoln.
Friday, April 30 — Jefferson at South San Francisco.
Frosh-soph schedule:
Thursday, April 1 — Lincoln at Jefferson.
Thursday, April 8 — San Mateo at Jefferson.
Thursday, April 15 — San Jose at Jefferson.

Announce Winners Of Recreation Marble Tourney

Results of last Friday's marble tournament sponsored by the Recreation Department for nine-year-old boys through young high school students were released today by Elman Rose, recreation director.

Conducted by Playground Director Glenn Smith, the tourney was held Friday afternoon in Marchbank Park. Theatre tickets were awarded to these winners:

Class A, 13 years and older — Charles Chambers, first; John Spinnetti, second; Jack Cooper, third, and Bud Nunder, fourth.
Class B, 10-12 years — Gilbert Newcomb, first; Paul Bradshaw, second; Louis Cooper, third, and Joe Castro, fourth.
Class C, 9 years and younger — Smith, whose studies at San Francisco State are augmented for the last quarter, will be replaced as playground director by Jim Caldwell, P.E. major at S.F.C.C., until mid-June. Smith will return for full-time duty during the summer.

Thursday, April 29 — Jefferson at Sequoia.
Thursday, May 6 — Jefferson at Palo Alto.
Thursday, May 13 — South San Francisco at Jefferson.

MAY WE ASK?

Is the balcony that Mr. Truman is building on the White House going to be strong enough to support an elephant?

HIGHER REALM

A report from London says that 1500 persons, including one woman, applied for a job as steeple jack in that city. Each will have to climb a 120-foot chimney before being considered for the work. Apparently the 1500 are would-be travelers who have found that under present restrictions the only direction they can travel in England is up.

Health Director Is Appointed For San Mateo County

Dr. Harold D. Chope, 44, assistant health director of the San Joaquin Health District, Tuesday was appointed director of health and welfare for San Mateo county.

Chope was assigned to the \$12,156-a-year job by Frederick Peterson, county executive, on recommendation by the county board of health. He won over 37 other qualified applicants from distant parts of the county by passing highest in the civil service examination and in oral examination by the local board of health.

The county board of supervisors met in special session yesterday to pass on Peterson's appointment.

A veteran of 20 years in the public health field, Dr. Chope is a graduate of Stanford and of Stanford Medical School. He spent his internship at San Francisco County Hospital, and was awarded a master's degree at Harvard University in 1933. In 1940, Chope received his doctorate of public health.

Program chairman of the California State Tuberculosis Association and public health chairman of the California eMedical Association, the new director has a long and impressive term of public service behind him. He has been assistant director of the San Joaquin health district since 1944, and before that served for three years with the Rockefeller Foundation, during which time he was loaned to authorities in San Paulo, Brazil, to set up a 1200-bed hospital.

Dr. Chope spent 1940 as associate professor in the School of Public Health at Harvard, preceded by five years as health officer at Newton, Massachusetts. In 1934 he was assistant director of the California Department of Health, and in 1933 he was chief of the bureau of epidemiology in St. Louis. After his graduation in 1928, he spent four years as instructor in public health at Stanford University.

Dr. Chope is married and has two children — Cecile, 14, and Peter, eight.

Opens Letters

An electrical device can open and stack as many as 700 letters a minute.

Airing Pillows

When airing pillows, do not leave them in the sun too long, for heat dries the natural oil and shortens the life of the feathers.

Ripe Hay

The protein content of hay can be increased as much as 6 to 10 per cent if it is cut at the right time.

Social Security Info Kept Mum At All Times

Like the daisies, the Social Security Administration won't tell. This Federal agency keeps its mouth shut, and some of the 88,000,000 Americans who hold social security cards would be mighty unhappy if it didn't.

Concentrated in the Accounting Operations Division of its Bureau of Old-Age and Survivors Insurance in the Candler Building in Baltimore are more personal facts and figures about more Americans than in any other place in the country.

Just how old is your mother-in-law? The Social Security Administration might know, but it won't tell. How much did your ex-wife earn last year? The record is there, but only she can get that information — and she already knows.

When the Social Security Administration asks for and gets from a worker the information necessary to set up and identify his account, it pledges to regard such information as confidential and to withhold it from all but authorized persons.

The worker whose boss thinks he is ten years younger than he is need have no fear that his secret will come to light. It is guarded from prying eyes at all times of the day and night by guards whose sole job is to keep the records safe.

The Social Security Administration's local office receives on an average 5 to 10 requests per week for aid in locating missing husbands, absconding treasurers, and persons who find it easier to move than to pay bills. Manager Charles H. Shreve reports, and it is a dull week which does not produce some five or six telephone calls from people who cash checks on the basis of social security card identification.

"In every case," Shreve stated, "we must tell the caller that our records are for social security purposes only and that we are not permitted to release any information. Without such protection to individuals, we would no longer get the accurate information necessary, and we would soon be spending more time furnishing information than we now put on the bookkeeping the law requires."

OFF THE BLOTTER

Traffic accidents were numerous and minor injuries too plentiful during the past week on streets in and around Daly City.

Muriel Glasser, 478 Willits street, Jerome Jordan Miller, 150 Belvedere street, Mary Edmunds, 478 Willits street, and Lientt Edmunds, 429 Willits street, all received minor cuts and bruises last Saturday in a collision at Westlake and Willits. They were dismissed after treatment at Junipero Serra Hospital.

Sabina Maguire, 21, San Francisco, suffered cuts and bruises of the head and left foot when her car crashed into the underpass south of Junipero Serra Hospital Sunday. The driver said she was blinded by oncoming headlights.

Walter E. DeKruze, San Francisco, crashed into a Daly City police car, putting the radio out of commission, at the scene of a highway accident on Junipero Serra boulevard last Sunday. The police car was standing by at the request of the highway patrol.

Dorothy Pederson, 683 Hanover street, and Ann Whorley, 950 Brunswick street, were treated at Alemany Hospital Tuesday for cuts and abrasions sustained in an accident at Mission and Flournoy streets. The girls were thrown to the pavement as the truck in which they were riding rounded a corner, and the right-hand door flew open. The driver, Vincent J. Martin, 2646 19th avenue, San Francisco, took them to Alemany Emergency Hospital.

Only property damage resulted from an accident Tuesday at Mission and Market streets between cars driven by David Joseph Crudo, San Francisco, and Roy Hand, Menlo Park.

Property damage resulted also from an accident last Friday at Hillcrest drive and Mission street. Drivers were John James Neary, San Bruno, and Robert Harvey Bullock, Santa Clara County.

Police secured identification this week of a car which allegedly caused an accident involving property damage last Friday at the intersection of Ocean Shore and Skyline boulevard. The car, registered to Cornelia Vanderploeg of

Menlo Park, reportedly stopped short at the intersection, causing damage to cars driven by Andy Sarti, 6282 Mission street, and Garold Govertz, San Francisco, which plowed into it from behind. Sarti's car was put out of commission.

Police found a car abandoned in front of 168 East Vista Tuesday, after it had been reported stolen by the San Francisco Police Department. The car was returned to its owner, Nick W. Hess of San Francisco.

A cigarette lighter was the only thing missing at the Cowden Francis home, 343 Frankfort street, last Friday, when the family returned home and found both the front and back doors open. Francis told police his son had lost a key case approximately six months ago.

Four-year-old Bernard Abigama was treated at Junipero Serra Hospital Monday for cuts on his hands and face. The child was injured when a front room lamp near which he was playing fell on him, at home.

A 13-year-old boy was charged with malicious mischief and turned over to county juvenile authorities last Friday when he confessed to painting crosses on several Niantic avenue, Los Banos and Los Olivos residences. The crosses were painted with black shoe polish, police said.

New Arrivals

To the wife of Albert F. Lillo, 34 Whittier street, March 19, a daughter.

To the wife of Fred J. Maffei, 18 Liebig street, February 22, a son.

To the wife of Harold P. Ragno, 476 Hanover street, March 15, a son.

To the wife of Frank G. Skinner, 198 Willits street, March 11, a daughter.

To the wife of Stanley G. White, 221 Farrallones street, March 22, a daughter.

To the wife of Kevin B. Carroll, 35 Shakespear street, March 18, a son.

To the wife of James G. Iversen, 163 Los Olivos avenue, March 22, a son.

To the wife of Farnk M. O'Neill, 141 Bellevue avenue, March 14, a daughter.

Jeff High PTA Board Schedules April 1 Meet

The executive board of Jefferson Union High School P.T.A. will meet at the home of Mrs. Betty Kohlbreuner, 463 Evergreen avenue, Thursday, April 1, with lunch served at noon. Mrs. Mary Wakefield and Mrs. Vivian Pahlka are co-hostesses.

The regular meeting of the unit will be held April 8 at 1:30 in the Little Theatre at the high school. Election of officers will be included in the regular transaction of business.

Social Security Representative Here Wednesdays

To help them protect their full social security benefit rights, the Social Security Administration is issuing a special call to workers and former workers who have reached the age of 65, it was announced today by Edward J. Foley, manager of the San Mateo Field Office.

Any person covered by the Social Security Act may file his claim at age 65 even though he is still working, according to Foley. Of course, the eligible wage earner may not receive benefits while he is working in a job covered by the social security program. But by filing an application he can prevent any possible loss of benefits in the future.

"So important is this matter that we not only invite, but urge all workers in private industry and business establishments — those who have done some work under social security — to come and see us," Foley said. If a worker does not wish to file, at least he will know his status and will be prepared to file an application promptly when the time comes to claim benefits. A representative of the Social Security Administration is in Daly City at the City Hall, in the Judge's chambers every alternate Wednesday from 3 to 4 p. m.

For the convenience of the residents of the Daly City area who may wish to make appointments with this representative, there is published below a form which they may use. Fill in the blank and mail it to the Social Security Administration, 22 North B street, San Mateo, California.

I am 65 years old, or older, and wish to inquire about my old-age Social Security benefits. I have read your article in the Daly City Record and would like an appointment the next time you come to Daly City.

My Name Is _____

My Social Security Number Is _____

PROCLAMATION

City Hall
City of Daly City

Whereas the President of the United States and the Governor of the State of California have proclaimed the month of April **CANCER CONTROL MONTH**, and

Whereas one of every three who now die of cancer could be saved through early detection and prompt treatment, and

Whereas it has already been demonstrated that the death rate from cancer, which is responsible for deaths of more than 12,000 Californians each year, could be reduced substantially by an informed public and existing medical skill, and

Whereas the people of the City of Daly City have always shown a progressive attitude toward all worthy public health enterprises, therefore, I, **Melford D. Battye, Mayor of the City of Daly City, do hereby proclaim APRIL as**

CANCER CONTROL MONTH and request that the citizens of this city do observe it as such.

I further request that all individuals, businesses and organizations, as well as all channels of information, within this city cooperate and assist, as a matter of public welfare, the American Cancer Society in its educational and fund raising campaign during April.

GIVEN Under my hand and the Seal of the City of Daly City, State of California this 29th day of March in the year of our Lord, one thousand, nine hundred and forty-eight.

SIGNED

MELFORD D. BATTYE

Emydians To Be Visited By Grand President April 12

Initiation of new members in the name of Grand President Valda Breitshi will feature the April 12 meeting of Emydian Institute No. 154, Y.L.L. in Holy Angels Parish hall.

The chapter will be honored with the grand officer's official visit on that evening.

Entertainment will be provided and refreshments served by a committee headed by Mrs. Imelda Laramie. Others on the committee are Mesdames Eda Giusti, Vera Ryan, Alice Dolan, Gertrude Stanghellini, Louise Olesse and Lenore Varni; Misses Mary Belli, Jean Belli, Mae Varni, Mary Farretti, Stella Maffei and Joyce Veit.

Companions Hold Sale To Combat Youth Delinquency

A white elephant sale, proceeds of which will be used for combating juvenile delinquency, was held by Robin Hood Circle, Companions of the Forest, at its latest meeting.

The sale was held on a suggestion by Mrs. Marie Newman, grand chief companion of the state organization.

Also at the last meeting, delegates and alternates to the May convention in Lake county were named. Edna Wood and Mary Huber were commissioned delegates, while Antoinette Calderoni and Ernestine Forni were chosen as alternates.

El Portal School Gets Attention On Radio Program

One of the unsung schools in the small group of institutions which contribute such a large share toward the advancement of helpless cerebral palsied children was brought to the attention of the nation last week in a national network radio broadcast.

The school was El Portal, on the grounds of the old Mills Estate, and the broadcast was Ralph Edwards' "Truth or Consequences," in Hollywood. Fifteen-year-old Harold Ferrell, a crippled student at El Portal, was heard in distant parts of the United States in a surprise broadcast to publicize the Crippled Children Society's current Easter Seal sale.

Discovered by Tol Avery, bay area radio announcer and producer, Harold was chosen to represent crippled children throughout the nation who need the care and guidance provided by such schools to become useful citizens in the coming decade.

El Portal, a school which was converted from the old Mills carriage house, was chosen to represent the small number of well-managed but ill-financed schools of its kind throughout the country which need more and better support if they are to carry on their indispensable work.

Managed by a board of seven directors from San Mateo County cities, the school accounts for the education and physical care of nearly 100 crippled children. Thirty-two students attend the small school on the Mills grounds which has a normal capacity of 30. And 60 more are tutored and doctored in their homes in scattered sections of the county.

Aside from the usual curriculum of public schools, El Portal offers such extra teachings as vocal articulation for those children whose voices are affected by their affliction; braille for the blind and lip-reading for the deaf. Arts and crafts are a principal part of the curriculum, providing, in many cases, the background for useful trades and professions.

In the past four years, some 500 crippled children have benefited from the operation of El Portal. Rehabilitation of these children to normal, purposeful living has been completely successful in all possible cases.

But the maintenance of such an institution is expensive, by the fact that special care must be given the children in transportation from home to school and back again; that teachers must be specially trained for their versatile jobs; that medical attention must be provided, as well as physiother-

NEWS FROM THE SCHOOLS

CROCKER

These boys from Room 5 tried out for the Crocker baseball team yesterday after school.

Jack Phillips, Edward Haussler, David Martinez, and Gary Anderson.

The boys are anxious for the season to get underway and are looking forward to winning the championship a second time.

Room 3 welcomes Elaine Ball back again after her week's visit to Phoenix, Arizona.

Margaret Michelson saw the Freedom Train and told the class all about it. Heather Bridges and James Tiffany visited the Freedom Train also.

Ellen Heattie is leaving by plane for Venezuela where her father will be employed as engineer.

Low eighth students in Room 6 are learning The Cathedral Round for music. The words to the round are names of French cathedrals.

Wesley Yates, of the high fifth, visited relatives in Santa Rosa over the week end.

Nancy Vranich, Robert Bridges,

and Roy Bottarini, all students of the fifth grade, visited the Freedom Train Sunday.

ap; that students must be served adequate noon meals, and a kitchen maintained for that function.

Sam Merk of Hillsborough, chairman of the El Portal board of directors, and the six other school administrators, including Joseph Sarto of Daly City, are appealing this year to the people of San Mateo county — the ones whose lives have not been hampered by such afflictions — to share in the responsibility for the advancement of these children.

Supported solely by funds from the seal sale and individual donations, the school too many times has been on the verge of bankruptcy, and has been saved from closing only by the personal efforts of its directors.

El Portal and the 100 children it serves have appealed to us, the more fortunate, to keep its gates open always to the children who otherwise could never gain the background for normal living in the future.

Former D.C. Girl Feted At Shower

A blue musical cradle vase fill with pastel sweetpeas center one buffet, and a cake inscribed with the words, "Baby Mak Three" adorned another, at the baby shower given recently

Mrs. A. M. Harrison for Mrs. Geoffrey Yates of Richmond. Inspiration for the party was Corrine Pearl Yates, who was to arrive until 10 days later, March 30. When she came, the baby weighed six pounds, four ounces, and measured 19 inches. Her mother is the former Shirley Jones of Daly City.

Proud grandparents of the new baby offspring are Mr. and Mrs. Harry Jones of 368 Vista Grand avenue, Daly City, and Mr. and Mrs. Joseph Yates of Richmond.

Present at the party to help Corrine's coming were Mesdames Mary Crane, Anna Fasshauer, Julia Schauer, Audra Teal, F. Tiger, Adele Rachione, Edith Willis, Elizabeth Lange, Gail Willis, Mrs. Walsh sr., and Misses S. Sanders, Alice Walsh, Fern Jones, Emma and Margaret Hassett, Sylvia Hassett, Mary Davies, L. Jones, Joyce Linton, Rose Yates, Pearl Jones, Eloise Harrison, Theresa Ferguson and Mary Falbo.

They have drawn pictures, written stories which tell how well will use rubber in the future. Children have also been finishing their pictures and stories which show and tell about the tapping of rubber trees.

The children of the low and high third grade have learned many things about meat and meat products. They are now going to learn about fruit and vegetables.

The members of this class enjoyed seeing slides showing some of the natural wonders of our state. They saw colored pictures of California wild flowers, birds and animals. The wild flower pictures were in color and were very beautiful. The children discovered they had seen many of the flowers but had not known their names.

Some of these besides the poppy and buttercup are the evening primrose, the shooting star, and the yarrow, which sometimes is called Queen Anne's lace.

The children of the high third grade have been completing their unit on the rubber plantations.

WOODROW WILSON

The seventh and eighth grades are interested in the origin of the Olympic games. Everyone knows the Olympic games are being held this summer, but very few students know that these games originated in early Greece. Every four years the Greeks held a series of games in honor of Zeus. Since these games were held at Olympia, in southern Greece, they were called Olympic games. The first game was held in 776 B.C. The winners of these games did not receive silver cups or medals, but were given crowns of laurel or red olive leaves.

The students of the high sixth and low seventh are studying about the many peoples of the Philippines and their chief occupations.

The fifth grade is studying about the people of colonial times. We have learned that the children then had games very much like ours. The sixth grade has been studying about Chile.

The fifth grade boys and girls are studying about the settlement of the thirteen original colonies. They are very interested in the stories of the struggles of our early settlers and of their courageous leaders.

The boys and girls of the high fourth are learning and comparing the characteristics of the Mexicans, Spaniards and Indians who live in Mexico.

The members of this class enjoyed seeing slides showing some of the natural wonders of our state. They saw colored pictures of California wild flowers, birds and animals. The wild flower pictures were in color and were very beautiful. The children discovered they had seen many of the flowers but had not known their names.

Some of these besides the poppy and buttercup are the evening primrose, the shooting star, and the yarrow, which sometimes is called Queen Anne's lace.

The children of the high third grade have been completing their unit on the rubber plantations.

Youth, 17, Killed In Auto Accident Near Cow Palace

Funeral services for Fred Chavez, 17, of 2 Esquina drive, were held this week from the chapel of Valente, Marini, Perata and Co. Mortuary.

The youth was killed Sunday in an auto collision at Scherwin street and Visitation avenue in which four other men, including three of his brothers, were injured.

The youth and his brother, Benn, 22, were thrown to the street when the auto the victim was driving was struck by a car driven by Armando Dittamo, 26, of 119 Prague street. Ben Chavez suffered a back injury, while two other brothers, Al, 24, and Andrew, 26, escaped with minor injuries.

Police charged that Dittamo, who also was injured in the crash, had ignored an arterial stop sign and skidded on the wet, slippery pavement. He was held on suspicion of manslaughter.

WAGON TRAINS

In the early days of the Oregon territory, covered wagon trains took as much as six months to come from the head of the Old Oregon Trail at Independence, Missouri, to the Willamette Valley, where Oregon's first settlement began. In part the trail followed U.S. Highway 30 across Oregon. Oregon's territorial centennial this year emphasizes the progress of a century. A fast airplane can fly to Independence in less than six hours.

PLACERVILLE NAMED

Placerville, El Dorado county, received its present name in 1854. Originally it was known as "Old Dry Diggins" but was renamed "Hangtown" in 1849 for the number of lynchings that took place there.

Curare Used In Surgery At U.C.

The University of California doctors who over a year ago reported the initial use of the South American poison drug, curare, as a beneficial agent in chest surgery, have announced that continuing studies firmly establish it as a drug which will be widely used in this kind of surgery.

These further results are reported by Doctors H. Brodie Stephens, P. Harroun, and F. E. Beckert, all of the University of California Medical School, and are based on the successful use of the drug in operations on 462 patients at the University of California Hospital, San Francisco.

The use of curare to slow down and even to stop a patient's breathing during a chest operation marks a decided advantage over the gases which have been used for this purpose, says the report.

Curare is nonexplosive, and this property combined with its effectiveness in slowing down breathing, brings a greater safety to operations deep within the chest.

It permits surgeons free use of the electric cautery, an instrument which sears tissues and coagulates blood as it cuts, minimizing blood loss. The use of this hot knife makes long and difficult operations faster and easier.

ELIMINATES THE NOISE

The motorist who is annoyed by whistles and squeaks and other extraneous noises should take it as his cue to get busy with the oil can, state officials of National Automobile Club's service department. It really is amazing the amount of silence contained in a few ounces of thin lubricating oil. Applied to parts that move when they are supposed not to do so, oil will work wonders. It will induce silence where tightening of bolts fails.

Cobalt Boosts Penicillin Effect

By the simple trick of adding minute amounts of cobalt, researchers in the University of California College of Pharmacy have apparently brought certain resistant organisms within range of the destructive power of penicillin.

Announcement of the test tube and animal experiments in which penicillin's effectiveness was enhanced has been made in the Journal of Bacteriology by Dr. Robertson Pratt, Dr. Jean Dufrenoy, and Dr. Louis A. Strait, all of the University's College of Pharmacy.

The scientists said traces of cobalt in solution with penicillin increase the destructive power of the drug in the test tube four to eight times over its normal effectiveness. An even greater effect is produced when the mixture is used against typhoid and some intestinal bacteria.

When the combination was tried

Announce Openings In Antiaircraft Artillery Group

Colonel R. J. Dowling, commanding officer, 233rd Antiaircraft Artillery Group, California National Guard, announces openings in all enlisted grades, applications for which are now accepted with lethal doses of typhoid bacteria. It was found to be twice as effective in protecting the mice, as penicillin alone.

The scientists demonstrated that cobalt alone has no destructive power against the bacteria.

They advanced the possibility that the cobalt produces a sort of excited state in the organisms; and that in this excited state, the organisms are more susceptible to able. Age qualifications are 17 to 34, and veterans of World War II.

IF IN DOUBT—DON'T

Take nothing for granted when you are at the wheel of an automobile, advises the California State Automobile Association. If there is any doubt whether or not you should attempt to pass another vehicle—DON'T!

CONTROLLED POWER

Horse-power controlled by horse-sense makes for traffic safety, says the California State Automobile Association.

Meetings are held at Fort Funston (opposite southwest corner Fleishacker Zoo) each Monday evening 8 to 10 p. m. Uniforms and equipment are furnished, and pay scales range from \$2.50 to \$5.50 for the two-hour period each week.

Interested parties should contact Lt. Russell Bowen at the Fort Funston Service Club Monday evenings 7 to 8 p. m. or Building 401, 8 to 10 p. m. or telephone LOM-6-4916, Monday evening and also Monday through Friday 10 a. m. to 4 p. m. for complete information.

PANEL GAUGES

Erratic operation of the gauges on the automobile's instrument panel is a warning signal which should be heeded at once.

SOUTHERN HOSPITALITY

Crusty-brown, tender, juicy

SOUTHERN FRIED CHICKEN!

Serve a platter of southern hospitality—fried chicken sizzling and invitation to good eating. M-m-m, crusty-brown outside...tender, juicy, rich-flavored inside. It takes good chicken to fry up so extra tempting. The kind of chicken Safeway sells. We start by selecting just the top-quality poultry. Then keep it properly refrigerated to reach you at its very best. So good that we say: unless it pleases you 100%—all your money back.

See Julia Lee Wright's article on this subject in the April issue of Family Circle Magazine. Get your copy at Safeway—only a nickel.

KEEP WINDSHIELDS CLEAN

Motorists should keep their windshields and rear-view mirrors clean. Seeing clearly is a large part of driving safely.

KEEP HEADLAMPS CLEAN

To impress motorists with the truth that defective lights are responsible for night driving hazards and that proper care given to headlights will eliminate that danger, officials of National Automobile

Club's public safety department may reduce the light intensity 10 to 15 per cent, not to mention the glare that will be caused by the scattering of the beam. Any one of these shortcomings will be further intensified by incorrect focusing or faulty direction of the headlight beam.

C. Seismologist Reports On Quakes

Mother Earth was quiescent—least in northern California—during the first quarter of 1947, Perry Byerly, professor of seismology at the University of California, reported today.

Only 14 northern California earthquakes large enough for their centers to be located in California were recorded during the period from January through March, 47 at the seven seismological stations maintained by the University of California.

The full records of the quakes recorded at the seven stations are contained in a new Bulletin of the Seismographic Stations, published by the University of California. The stations are located at Berkeley, Mount Hamilton, Stanford University, University of San Francisco, Ferndale in Humboldt county, Fresno State College, and near Lassen Volcanic National Park Headquarters.

Of the 14 quakes, only two were strong enough to crack plaster or do work: one of these, on February 4, was felt at Lodi, Colusa, Idria, and King City, while the other, on March 29, was felt in southwestern Humboldt county, particularly at Bridgeville, Greka, Holmes, Honeydew, Fields, Fortuna, and Upper Matine.

Elks To Install New Officers On Friday, April 2nd

Headed by Exalted Ruler-elect Eugene J. Corbett, newly elected and appointive officers of San Francisco lodge, Benevolent and Protective Order of Elks, this Friday evening, April 2, at the Elks' Club, 456 Post street, State and strict officers of the order will install the new officers for the coming year. A stag dinner of the order will precede and a buffet supper is to follow the installation ceremonies.

Retiring Exalted Ruler George Gaader and Exalted Ruler-elect Eugene J. Corbett will share guest honors at the annual grand formal banquet of the San Francisco Elks, Saturday evening, April 24, at the Elks' Club. Esteemed Leading night-elect John J. Fahy jr. is arrangements chairman for the April 24 formal banquet-reception.

Wives and lady friends of San Francisco Elks will be feted at the next monthly Ladies' Night function of the lodge Wednesday evening, April 7, at the Elks' Club. An informal dinner party, musicale, reception and games for all, will make up the evening's program.

Ocean Waves Forecast Storms At Sea

Long, low waves, invisible forerunners of the visible swell from a storm at sea, provide storm warnings of practical value, it is reported by Dr. Walter H. Munk, assistant professor of geophysics at the University of California's Scripps Institute of Oceanography. New wave-recording instruments give information from which the travel time of the forerunner and its distance from the storm can be calculated. The application of this method to tracking storms across the ocean is in good agreement with information contained on weather maps. Certain features of the wave records may eventually make it possible to compute not only the location but also the size, intensity, and general character of the storm.

The use of swell as a sea-borne storm warning has been recognized since ancient times, writes Dr. Munk. In the case of a distant storm, however, information carried by the visible swell pertains to wind conditions which have ex-

BATTERY RECHARGING

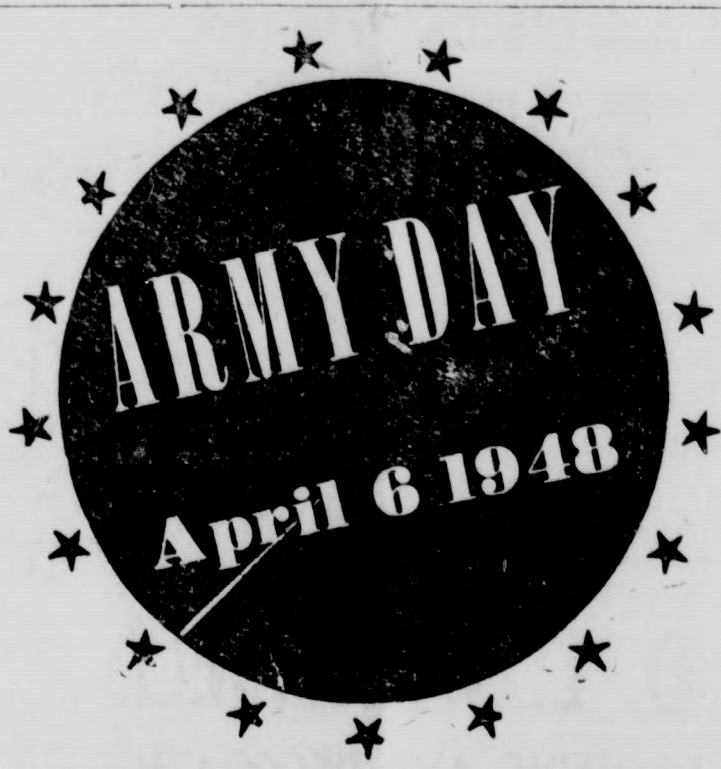

An automobile battery which runs down gradually because of insufficient use should be recharged on a slow charger so that excess sulphation can be eliminated gradually. A battery that has run down overnight, or within a short space of time, can be quickly restored to efficiency by a fast battery charger.

SAFE SPEED

Drive at a safe speed when coming up behind standing traffic. Misjudgment of distance can easily cause a collision.

isted a number of days before the swell is observed. In the case of a fast moving storm, the visible swell may give little or no advance warning.

Forerunners have been picked up from storms more than 3,000 miles distant, forecasting storms well in advance. Forerunners traveled 1,100 nautical miles a day, as against 400 a day for the swell.

Why They Enlist; Navy Trys Survey At Two Centers

For the man who wonders just what reason prompts various people to enlist in the Navy, and what the average new enlistee is like, the Bureau of Naval Personnel survey of two training centers will supply the answer.

In a study conducted among recruits at NTC San Diego and NTC Great Lakes, it was discovered that the typical Navy newcomer is 17 years old, unmarried, has no dependents, hails from a rural area, left school at the age of 16 and joined the Navy to learn a trade or to travel.

Approximately 2,400 men, each with an average of three weeks service, were asked by civilians to fill out a questionnaire. From answers obtained, it was learned that in addition to the large majority of

17-year-olds, 98.6 per cent of the recruits were under 21 years of age.

Nearly 85 per cent were single and not engaged, although approximately one-third give financial aid to dependents or others.

Only 12 per cent of recruits interviewed considered their educational desires fulfilled, although 69½ per cent went no higher than the tenth grade. The others wished to continue their education through USAFI (United States Armed Forces Institute).

Leading the no fewer than 26 reasons listed for joining the navy was trade learning, which drew 39.6 per cent of the new men. In second place came the 38.2 per cent who enlisted for travel and adventure, while 16.3 per cent signed up to make the Navy a career, and 17 per cent simply answered that they liked the Navy.

Overhead Power Lines Dangerous

Accidents caused by mobile equipment contacting overhead power lines—many with fatal results—are a serious electric operating problem, according to D. D. Smalley, Pacific Gas and Electric Company, vice-president in charge of operations. "Service interruptions caused by such accidents may be critical during the present power emergency," he said.

During the past four and a half months there have been 25 serious accidents on P. G. and E.'s high-voltage system caused by heavy equipment operators allowing some part of their equipment to contact the overhead lines, Smalley said, adding that six men have been killed and eight seriously injured in these accidents.

STATEMENTS FROM COUNCIL CANDIDATES

Edward J. Dennis
Daniel A. Dolan

Incumbent Councilmen Edward J. Dennis and Daniel A. Dolan, who have been nominated to retain their seats on the Daly City Council at the April 13 election, stand on a program of achievement and planning, and not mere empty promises, it was stated in a statement at campaign headquarters today.

Pointing out that an unofficial poll assertedly conducted by opponents of the Dennis-Dolan ticket purported to show that some Daly City residents were in favor of annexation of unincorporated territory to the west of the City, the statement read, "the present City Council, of which Dennis and Dolan are members, favors expansion of the City where practicable, but NOT to the point where it may prove an increased tax burden on present Daly City taxpayers."

"The Council refuses to engage in negotiations regarding annexation except in the winter session, where the public may be apprised of the terms, and insists that all negotiations be conducted in writing, for the protection of the taxpayer. For the past year and a half, no WRITTEN proposal for annexation has been presented to the City Council by sub-dividers of the unincorporated area, although the Council has invited such proposals."

"In 1946 a sub-divider proposed that his sub-division be annexed by Daly City, but the terms of his proposals would have resulted in a heavy added tax burden to present Daly City residents whereas the benefits would have been realized by the new sub-division. The Council rejected those provisions which would have been unfair to old-time Daly City residents, but invited further negotiations. However, to date no further proposal has been presented."

"Acquisition of new territory is entirely a matter to be presented to the electorate after all sides of such a question can be given a public airing. The main consideration is whether the terms of annexation will prove most beneficial to the taxpayer public or to private sub-dividers. Dennis and Dolan insist that any new area must pay its way without putting a burden on old-time Daly City residents."

With a pledge to continue sound, progressive planning on a pay-as-you-go basis, Councilmen Dennis and Dolan point to the achievements accomplished by the City Council in the past two years; substantial capital improvements without added tax burden to Daly City residents, and point out other improvements which will soon be effected, including a program of enameled street-signs, now pending delivery; a highly-successful Recreation program with provisions for year-by-year expansion of facilities; and procurement of a War Memorial site of which more than ninety per cent of the land has already been purchased without extra cost to the residents of Daly City.

Irish Clubs Of San Francisco To Hold Ball Sat.

The annual Easter Ball of the Irish Republican Clubs of San Francisco will be held in the K.R.B. Hall, 1133 Mission street Saturday night, April 3.

All the Irish organizations of San Francisco and of the East Bay cities have been invited and a great gathering of the clans of Irish heritage and their friends is anticipated.

The committee has arranged for an entertaining program of American and Irish dancing to the strains of a specially selected orchestra of Irish musicians, featuring such popular numbers as Irish jigs, reels, horn-pipes and old country polka sets.

Annual "Don'ts" When Kite-Flying Issued By P. G. & E.

The spanking breezes of spring, giving wing to kites by the thousand, brought an annual warning from Pacific Gas and Electric Company today and a list of kite-flying "Don'ts" designed to safeguard life and property.

Kites and power lines don't mix, the Company warned, without injury, sometimes fatal, and serious property damage. During the present power emergency, the Company said, service interruptions caused by carelessly flown kites are particularly dangerous.

P. G. and E.'s code for safe kite flying follows:

1. DON'T fly a kite near electric or trolley wires.
2. DON'T climb a pole to untangle a kite.
3. DON'T let a kite go over radio aerials.
4. DON'T build or buy a kite with metal or wire in the frame or tail.
5. DON'T use tinsel string, wire, or any kind of twine that has a metallic substance. Use plain cotton or linen cord.
6. DON'T run across streets or highways while flying kites.
7. DON'T touch fallen electric wires. Report them to P. G. and E. or to your parents.
8. DON'T fly a kite when it is raining. A wet string is a conductor of electricity.

what other cities have done. Of the two first township cities that pushed ahead of Daly City in population in the last eight years, one notable example comes to my mind. South San Francisco had a population of 6,629 in 1940 and the last special census of that city made in 1947 showed it to have 15,823 residents. New people are moving into it every day.

"The area west of El Camino Real in South San Francisco was not a part of that city in 1940. Today almost all of it is in the South San Francisco city limits and over 1000 homes are west of the El Camino Real. Daly City has a parallel in the area west of Junipero Serra boulevard. We'll have to act fast or lose it."

Mooney concluded his remarks with "The people of Daly City could add much income to the already profitable water department by taking in new residential areas. Why should we pass it up?"

No Cost in Annexation
In a joint statement the pair pointed out that annexation of the new undeveloped residential area can be accomplished at no cost to the city. They state that undeveloped land is annexed when it is in large parcels and about ready to be developed into residential areas. This way you deal with only a single property owner. When homes are built in a section it requires a vote of the people, they stated.

Their statement declares that the city can get new residential areas with all improvements paid for if the proper procedure is followed.

City Losing Much Income
Mooney repeated "The groups I talk to have pledged wholehearted support to our program of annexation and increased recreational facilities."

"People are right when they insist the territory should be annexed before homes are built. The people are right when they state it costs nothing to annex undeveloped residential areas. Those who say it does are not properly informed."

Continuing his discussion on what has been done in annexation, Mooney stated, "I have checked

Asso. Sportsmen Recommend 1948 Deer Seasons

Recommendations for 1948 deer seasons by the Associated Sportsmen of California to the State Fish and Game Commission will be virtually the same as last year's, it was announced today by the State's largest sportsmen organization.

Meeting in State Council session at San Francisco the delegates voted to accept the recommendations of their Game Animals Committee with one exception.

They over-rode the suggestion to lop off the archers' 10-day pre-gunning season privileges. Otherwise the committee's decisions were adopted in full.

If accepted by the Fish and Game Commission at its regular powers sessions the seasons would be:

Coast Range—August 7 to September 15, inclusive; Sierra Range—September 16 to October 15, inclusive.

The committee also recommended trimming one week from the season in the Mt. Hamilton Range on the ground bucks in the area enter the rutting stage earlier and the meat is no good. The area would include all of Alameda, Contra Costa and Santa Clara counties, and parts of Stanislaus and Merced counties. The season would close September 9th instead of the 15th. Protection of forked horn mule deer from Modoc and Lassen south to Inyo counties was recommended.

The State Council also voted to oppose the State Forestry Board's request for a closed hunting season in September unless all other users of forest lands also be barred.

The Pheasant Committee's recommendation for a 10-day season on rooster ringnecks November 19 to November 28, inclusive, was approved by State Council, along with the shooting times of 8 a. m. to sundown. The limit would remain two roosters daily, 10 birds per season. Closing of El Dorado, Plumas and Sierra counties to shooting was approved.

DRINKING AND DRIVING
"Drinking when planning to drive is a serious violation of both common sense and common decency," declares Bert Stewart Jr., public safety director of National Automobile Club. "Alcohol when taken into the system even in small quantities definitely impairs vision, judgment, muscular efficiency, and gives the driver a false confidence."

Pac. Tel. & Tel. Co. Helps To Relieve Power Shortage

The Pacific Telephone and Telegraph Company in a concerted effort to help relieve the current commercial power shortage is utilizing its own standby generating facilities located at some 50 points in northern California to operate its telephone plant.

According to Lyle M. Brown, division manager for the company, this auxiliary equipment has a total capacity for generating approximately 2,800 kilowatts of electric energy. It is being operated from two to five days per week for periods of four to six hours per day when commercial power demands are at peak levels.

In addition to power generating equipment permanently installed at company locations, a number of portable gas-driven generators have also been pressed into service in smaller telephone offices.

Normally this equipment is used for standby purposes to maintain

DON'T BORROW TROUBLE

Don't borrow trouble when you drive, but it's wise to anticipate it, and be prepared to act quickly in case of emergency.

telephone service during emergency periods of commercial power failure. Now the emergency power generators are being given extended use. In San Francisco and East Bay 16 company generators are being operated several days a week in central office buildings, Brown said.

Other power conservation measures placed in effect by the company include the use of lower wattage light bulbs wherever practicable; elimination of such lighting that can be turned out without jeopardizing the safety of personnel; and reduction in the use of electric heating, ventilating and other appliances.

To effectively administrate the program, the telephone company has organized power conservation committees among its employees throughout northern California for the duration of the power shortage.

S.F. Port Needs Radar Operators And Technicians

With many transports coming back into service after safety and modernization conversions, San Francisco Port of Embarkation

has immediate need for radar operators and radar technicians. Qualified applicants can start their employment at annual salaries of \$2487 plus food and lodging aboard ship for technicians and \$2223 plus food and lodging aboard ship for operators.

Applicants will be interviewed at the Port Signal Office, Building 202, Fort Mason, Monday through Friday.

New Crest Theater In Gala Opening Tonight

Wearing "the new look" and bearing every modern feature of post-war theater architecture, the new Crest Theatre, Daly City's newest theatre, located at Mission and School streets will swing open doors at 5:30 tonight.

Equipped from front lobby back to the screen with all the newest departures in up to date theatre mechanical devices as well as furnishings, the New Crest will offer every comfort and convenience to patrons.

In keeping with its announced policy of 1948 only, the new Crest opens with "Body and Soul," co-starring John Garfield and Lilli Palmer. The story of a middleweight champion enmeshed in the labyrinth of sporting manipulations, alternately succumbing to the economic temptations involved, then resisting them at great personal risk, forms the story of John Garfield's greatest role to date. The three women in his life are portrayed by charming Lilli Palmer, Anne Revere and introducing Hazel Brooks, the woman of evil in his life.

As an accompanying feature the Crest offers "Adventures of Don Coyote," a story of the old southwest, in glorious Cinecolor.

Fireworks are brewing between John Garfield and luscious Hazel Brooks in Enterprise Studios' "Body and Soul," at the New Crest Theatre through United Artists release. Lilli Palmer plays the feminine lead opposite Garfield.

Garfield Gets Workout In Crest Opening Bill

Enterprise Studios took out a \$250,000 policy on John Garfield's face and hands throughout the production of its "Body and Soul," the star's first independent starring venture, now playing at the New Crest Theatre.

Garfield worked out several hours a day with Johnny Indrisano, former challenger for the welterweight boxing crown, and mixed it up bruisingly in several fight sequences before the cameras.

Co-starred opposite Garfield in the film is Lilli Palmer and Hazel Brooks.

The accompanying hit is "The Adventures of Don Coyote," a story of the old southwest in glorious Cinecolor.

"Green Dolphin Street" Is Due At Crest Theatre

Anyone looking for a swash-buckling adventure yarn pictorially backgrounding a passionate dramatic triangle of two sisters after the same man will get his money's worth and more at the CREST THEATRE, where MGM's new Lana Turner starring vehicle, "GREEN DOLPHIN STREET," will be shown soon.

It is easy to see how this Elizabeth Goudge novel of fiery romance in St. Pierre, colorful Channel Island seaport of the 1840's, and rugged New Zealand, was selected as the winner of MGM's first annual contest for the outstanding novel of the year, for it contains everything in the way of spectacular entertainment, including breathtaking realistic scenes of an earthquake, the floundering and sinking of a magnificent clipper ship, and a blood-curdling uprising of the dangerous New Zealand Maoris.

New Theater Will Feature MGM Films

The New Crest Theatre announces the exclusive showing of Metro-Goldwyn-Mayer pictures for the outer Mission, Daly City area. Some of the many great hits to show in the near future are "Green Dolphin Street," with Lana Turner, "Cass Timberlane," with Spencer Tracy and Lana Turner, "Killer McCoy," with Mickey Rooney, "Good News," "High Wall" with Robert Taylor, and "If Winter Comes" with Walter Pidgeon and Deborah Kerr.

Convenient Opening Hour At Crest Theatre

The following box office hours will be in effect at the New Crest Theatre as a permanent running policy.

On week days doors will open at 5:30 p. m. with two complete shows nightly on the schedule.

Saturdays, Sundays and holidays performances will be continuous from 12:45.

News Column For The Veterans

All members of the Veterans Administration National Advisory group on medical problems, including Dr. Francis M. McKeever, Los Angeles, and Dr. Charles F. McCuskey, Glendale, have accepted reappointment by Carl R. Gray Jr., administrator of Veterans Affairs.

The group acts in an advisory capacity to Gray and Dr. Paul B. Magnuson, chief of VA's Department of Medicine and Surgery, on over-all policies concerning medical service to veterans.

Unless veterans attending colleges and universities under the G-I Bill notify Veterans Administration within 30 days before the end of a term or semester that they do not want to take leave, VA automatically will place them

on 15 days leave. VA explained that veterans in colleges and universities are placed on subsistence rolls from the date of enrollment until 15 days after the close of the term or semester.

This automatic 15-day leave policy makes it possible for veterans studying under the accelerated program to receive unbroken subsistence payments between terms or semesters.

The deadline for application for vehicles at Government expense under the "autos for amputees" program is June 30. Eligible veterans should submit their applications to VA at least 15 days prior to the deadline to allow ample time for processing.

The law provides an automobile or other conveyance at a cost not to exceed \$1,600, for any World War II veteran who lost, or lost the use of, one or both legs at or above the ankle as the result of service incurred injuries.

Question: My son was killed in action during World War II, and I would like to know if I am entitled to receive compensation?

Answer: You are entitled to compensation, provided dependency can be shown. Dependency will be held to exist if you do not have sufficient income to provide reasonable maintenance for yourself and your family.

Question: My son, who is in a Veterans Administration hospital, is trying to get a pass to visit me. Will Veterans Administration pay for his transportation to and from the hospital?

Answer: No. All travel while on leave from a Veterans Administration hospital is at the expense of the veteran.

WAIT FOR THE LIGHT

All things come to him who waits, including the green traffic light, the California State Automobile Association points out, but the motorist who fails to wait for the green light often comes to grief.

ACTION! NOT EMPTY PROMISES!

That is the platform upon which the campaign to retain Incumbent Councilmen EDWARD J. DENNIS AND DANIEL A. DOLAN is based.

Councilmen DENNIS AND DOLAN do not pretend to offer you, the taxpayer, the world with a fence around it. But the Record shows that they DO STAND for the Taxpayers' protection and refuse to become involved in any deals that may prove more beneficial to private interests than to the home-owners of Daly City.

Do they believe in expansion of the City by annexation of adjacent unincorporated areas? YES, OF COURSE THEY DO!!

BUT, BEFORE THE CITY GOVERNMENT SANCTIONS ANY SUCH ANNEXATION, COUNCILMEN DENNIS AND DOLAN WANT TO BE ASSURED THAT ANY ANNEXATION WILL NOT RESULT IN A BURDEN ON THE TAXPAYERS OF THE CITY THROUGH ADDED TAX COSTS FOR UTILITIES, FACILITIES, FIRE AND POLICE PROTECTION FOR AREAS THAT ARE NOT NOW PART OF THE CITY. They believe that if any new sub-division is added to the City, the new area should pay its own way, just as the present tax-payers of Daly City have paid their own way for years. They refuse to deal with sub-dividers, EXCEPT THROUGH OFFICIAL ACTION ON THE COUNCIL IN PUBLIC SESSION, and insist that all negotiations be conducted in writing, as provided by law. For the past year and a half no WRITTEN petition for annexation has been presented to the Council, although the sub-dividers have been invited to do so. COUNCILMEN DENNIS AND DOLAN BELIEVE IN PROCEEDING CAUTIOUSLY AS WELL AS PROGRESSIVELY, IN THE BEST INTERESTS OF THE PEOPLE OF DALY CITY.

A RECREATION PROGRAM?

Councilmen DENNIS AND DOLAN don't offer empty promises for a Recreation Program—as members of the Council they HAVE ALREADY EMBARKED A GOOD RECREATION PROGRAM! Let's look at the Record. We

quote an impartial news story printed in the Daly City Record on March 25, 1948:

"Elman Rose, director of the Daly City Recreation Department, and the city council's committee on recreation were commended this week in a letter read at the Monday night council session at city hall.

"The letter, written by the secretary of General Pershing Elementary School's Parent Teacher Association, lauded the recreation officials for their successful program during the past year."

A further look at the record will indicate what the present City Council (of which DENNIS AND DOLAN are members) has already accomplished:

A WORKABLE CIVIL SERVICE SYSTEM; A GOOD RETIREMENT SYSTEM FOR CITY EMPLOYEES; SUPERVISED RECREATION PROGRAM WHICH PROVIDES FOR EXPANSION OF RECREATION FACILITIES ON A PAY AS YOU GO BASIS; A SAFETY TRAFFIC PROGRAM FOR SCHOOL CHILDREN; A MUNICIPAL GARAGE FOR ECONOMICAL MAINTENANCE OF CITY EQUIPMENT; IMPROVED WATER SYSTEM TO MEET ANY EMERGENCY, WITH PLANS FOR FURTHER DEVELOPMENT AS REQUIRED; NEW BUILDING, ELECTRICAL AND PLUMBING CODES; A NEW \$25,000 FIRE ALARM SYSTEM FOR PROTECTION OF PROPERTY, AT NO EXTRA COST TO THE TAXPAYER; EXTENDED BUS SERVICE TO COLMA, AT NO EXTRA FARE; MODERN THREE-WAY POLICE RADIO SYSTEM PROVIDING FIRST CLASS SAFETY AND PROTECTION FOR CITIZENS AND PROPERTY; A SPECIAL FEDERAL CENSUS, ESTABLISHING A POPULATION GROWTH FROM 9,640 TO 11,666, RESULTING IN A GREATER SHARE OF STATE COLLECTED REVENUES FOR DALY CITY; ACQUISITION OF A WAR MEMORIAL SITE, WITHOUT ANY EXTRA BURDEN TO THE TAXPAYERS.

THESE ARE NOT PROMISES—THESE ARE ACHIEVEMENTS.

Councilmen Dennis and Dolan have been endorsed by the United AFL Labor Committee of San Mateo County, the Daly City Better Government Club and business and civic leaders throughout the city.
